

AP-HUG Thoene Summer Reading Assignment and Extra Credit Option

Prior to the start of the fall semester 2018, AP HUG students must purchase and read the non-fiction book *Why Geography Matters: More Than Ever*, by Harm de Blij, published by Oxford University Press.

Students may choose either print or ePub versions

There will be a quiz covering this material during the first week of school.

In addition, students may receive extra credit for AP HUG for reading the novel *Shiloh Autumn* by Bodie and Brock Thoene and writing a one to two page summary of the contents, and being prepared to discuss the novel with the rest of the class. This presentation will be scheduled during the first two weeks of the semester.
