About Waldorf School of Atlanta

The Waldorf School of Atlanta is part of a global community of 1,200 Waldorf schools worldwide with a rich 100-year history. Locally, we aim to foster a deep sense of community within our school that extends throughout the Atlanta metro-area.

Currently, our school serves approximately 240 students with a nursery at Inman Park and a Preschool through Grade 8 at our Decatur Campus.

As we celebrate 34 years of Waldorf Education, we invite you to support our revolutionary notion that in the midst of our high-speed world, children should be provided a timeless space in which to do their sacred work. We nurture the innate imagination, empathy and the will in each child as they learn with their hands, heart and mind.

The Waldorf School of Atlanta invites you to join us in celebrating our school’s role in Waldorf education’s 100-year legacy with Celebrate 100!, as we aim to celebrate childhood, character and connection - the ideal foundations of our school. Celebrate 100! is an opportunity to look ahead, bolster our school’s legacy and elevate our role in the future of Waldorf Education.

OUR VISION

The Waldorf School of Atlanta embodies the ideals of Waldorf Education:

The sanctity of childhood
An abiding sense of wonder.
OUR MISSION

The Waldorf School of Atlanta develops in its students the will to become lifelong learners by fostering in each student the ability to think with clarity, feel with compassion, and act with purpose in the world.

OUR VALUES

We teach a hands-on, integrated curriculum that is developmentally appropriate and grounded in artistic and practical work to create an optimal environment where children develop intellectual curiosity, social sensitivity and physical stamina.

We explore with students the beauty, possibility and resilience of the human spirit bestowing upon them the tools to become thoughtful, clear-thinking adults, able to act with courage and social responsibility.

We provide a safe and inclusive learning environment rich in natural esthetics, where the interests and strengths of all students are honored and encouraged through artistically expressed practical life skills.

We rely on a commitment from all members of the community to work cooperatively to build strong long-term collaborative relationships using open, clear and direct communication.
