Empowering all Students

February 7, 2019

Dear Parents and Families,

We were deeply saddened to learn of the untimely death of 9th grade student Brian Schultz. The entire Dover School District Community extends its heartfelt sympathy to Brian's family, friends and relatives at this difficult time.

Dover High School teachers had a conversation with students this morning, and students were made aware of resources and supports available to them as we process through this tragic loss. Community Partners and New Hampshire Behavioral Health counselors, as well as school counselors, are available at Dover High School. If your student needs support, or you know of a student who needs support, please contact the high school at 603-516-6915.

Dover Middle School students may have also been affected by the untimely death of Brian. Counselors are available for these students as well. If your middle school student needs support, or you know of a student who needs support, please contact the middle school at 603-516-7207.

If either you or your child needs additional support over the weekend, or at any time, please contact Community Partners Emergency Services at 603-516-9300. This is a 24-hour emergency line.

The following link will connect you to resources from NAMI NH and the Dougy Center, on how to support your child after the traumatic loss of a friend.
