Authorization for Medication Required During School and/or Child Care Hours

California Education Code Section 49423 allows the school nurse or other designated school and/or Child Care personnel to assist students who are required to take medication during school and/or child care hours. This service is provided to enable the student to remain in school and/or child care to maintain or improve the potential for education and learning.

Medication must be in the container in which it was purchased with the pharmacy label attached, and must be prescribed to the student to whom it will be administered. No medications, including over-the-counter will be given without current Physician/Podiatrist/Dentist authorization. Please give medication to the school and/or Child Care personnel only. DO NOT send medication with child.

Child's First and Last Name _____

School and/or Child Care Facility of Attendance _____

.....
