Last Push to Update Our Tuffree Library! Thank you to the 11 donors who have contributed to this project. Our goal is to transform our library with updated tables and flexible seating that promote focus and concentration, making it a vibrant media center that is comfortable and attractive to students. The tall tables and the bar stools would advance us in this second phase of updating our library. Our library media center is a quiet place that allows students time to access the internet, work on homework assignments and projects, study with peers, or find a new genre to enjoy. Every dollar counts! Thanks for considering a donation. [Here's the link.](#)
