Attention all Vikings!

As we are sure many of you are aware, the decision had been made recently to close our football field for this upcoming season and reschedule our home games at neutral sites. We appreciate your patience in awaiting a more detailed announcement as to the reasons for this decision. As of this afternoon, we can now formally share this information.

Part of the original decision to close the field was due to the significant maintenance and re-sodding required to get the field ready for this school year. In reviewing the financial strain this would put on the school and our programs, we decided to move forward much more quickly with one of the largest goals of our team here at St. Bernard High School: a brand new field and track!

Ryan Gales, class of 1996, and his firm Jenkins/Gales and Martinez have already begun the process of completing a site design and 3-D renderings. As those designs are completed and we begin meeting with companies to procure bids for the project, we will also be kicking off a campaign to fund the development of this state-of-the-art turf field, full-size weather-proof track, and weight room and locker room.

We will need the support of all of our students, families, alums and surrounding community! We are confident that our vision for the spiritual and academic growth of our students, combined with this new field, will improve our marketing program and opportunities for revenue in the future, enhance community partnerships, and ensure that generations of Vikings, past, present and future, experience the great traditions and success of the St. Bernard High School family.

God bless,

Mr. Carter Paysinger
Executive Director of
Institutional Advancement

Mr. Richard Billups '94
Principal
