Hello Grand View Families!

First and foremost, thank you so much for your patience and grace as we have worked through a new arrival and dismissal process of all students.

As expected, we knew that we would have several more drop offs and pickups than in years passed. These routines take time; as we are teaching our students and learning them ourselves.

Please note; that although it may feel long - our drop off process only takes 15 - 20 minutes. This morning we had all students in the building in 14 minutes (once we started at 8:20).

As we continue to learn and to teach we are asking for your partnership.

**Arrival:**
- Our arrival starts at 8:20 AM. Arriving early and waiting in line, does not help our traffic - it simply creates it. If our students arrive at 8:15-8:20 very few people will have to wait, and our car line will not back up. This will be safer for our families and for others who travel on 52nd.
- Prior to getting to the front of the line please make sure your child has their mask on their face and has their back back next to them.
- When possible, kids are sitting on the passenger side of the car. We do not want kids walking in front of vehicles.
- Please stay in the traffic lane; do not pull to the side. Arrival is a one lane process.

**Dismissal:**
- We will be dismissing students starting with 6th grade and moving our way down the line.
- We ask that K parents only, park in the lot and walk to the reading garden to pick up their children. Parents; please stand in the garden and not on the path to the buses.

Our focus is keeping our students safe; both with traffic and with distance. We will continue to work towards making this process the best it can be, and make adjustments when necessary.

Thank you.
