

## Parent Notification of Child's Performance State of Texas Assessment of Academic Readiness (STAAR) EOC

May 2018

Dear Parent or Guardian:

Your child recently took a State of Texas Assessment of Academic Readiness (STAAR) End of Course Exams (EOC) in April and/or May 2018.

Results from the assessment will be available the beginning of June. You may review your child's scores, as well as additional information relating to your child's performance, by going to:

<http://www.TexasAssessment.com>

If you know your child's unique access code, enter the unique access code along with your child's birthday and click "Log in to Student Portal".

If you do not know your child's unique access code, click on "**Find My Unique Student Access Code**". Type the information required to get the unique access code for your child (first name, PEIMS ID, and date of birth). Your child's PEIMS ID will be his/her Social Security number. Then log into the site using the code. Please keep this access code in a safe place as it can be used to access all future STAAR assessment results for your child.

In order to be considered passing on the assessment, students must earn Approaches, Meets, or Masters. Students must pass all five STAAR EOC exams (English I, English II, Algebra I, Biology, and U.S. History) in order to be considered for graduation under Texas law. Retesting is required for students who Did Not Meet the passing standard.

STAAR EOC retest opportunities will be June 25-28 at your child's school. Additional information, including the registration link to register for remediation and for an EOC exam(s), will be available on your child's high school campus' webpage.

If you have any questions or have difficulty accessing the online information about your child's performance, please contact the school and we will assist you in obtaining the information.
