What does it take to help new English speakers thrive in the classroom? AOPS and the Alliance for Catholic Education at the University of Notre Dame have partnered to launch a two-day seminar that shows educators how they can be the bridge, *El Puente*, to intercultural understanding.

Join fellow Catholic educators at engaging workshops and keynote speaker sessions where you'll learn best practices for bringing non-native English-speaking students up to speed in multiple subject areas. Designed for any teacher who works with English language learners, *El Puente* brings together proven methodology, technology, and theology to help educators see better success with *all* their students.
