School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Thomas Olaeta School is dedicated to creating respectful and responsible citizens that can adapt to an ever changing world and society.

Thomas Olaeta School is located in the community of Atwater, California, which is within the agriculturally rich San Joaquin Valley of Central California. The Atwater Elementary School District includes Thomas Olaeta (T.O.) and 8 other schools. At T.O., there are approximately 625 students in grades transitional kindergarten (TK) through sixth. Thomas Olaeta School was built in 1966 with a complete modernization in 2007. The staff consists of a Principal, Learning Director, 22 teachers, two Special Education teachers, 1 part-time bilingual instructional assistant, 5 TK/kindergarten instructional assistants, 2 full-time Special Education instructional assistants, a library technician, a part-time health aide, a part-time nurse, a part-time Speech Pathologist, a part-time psychologist, an office manager, an office assistant, a community outreach coordinator, and 8 part-time campus supervisors.

We are proud of our student population that is ethnically and culturally diverse. 64% of our student population is Hispanic, 25% of our student population is white, 6% Asian, 2% African-American, 2% American Indian, and 1% of two or more races, not Hispanic. 73% of students are socio-economically disadvantaged, 23% of our student population is learning English as a second language, and 10% of our students have disabilities.

Thomas Olaeta School has a proud tradition of excellence and achievement. In the spring of 2012, we received a Title I Academic Achievement Award from the California Department of Education for significantly increasing achievement for all students and for rising to the challenge of closing the achievement gap. To accomplish that goal, we have created targeted interventions to provide additional support in reading, math, and ELD. Most recently, we were recognized as a California Distinguished School in the Spring of 2014 by the California Department of Education.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	47.0	50.0	48.0	47.0	48.0	50.0
Mathematics (grades 3-8 and 11)	39.0	43.0	33.0	35.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Professional Development (Most Recent Three Years)

Teachers participate in grade level collaboration trainings each year. They are also released by substitute teachers to receive additional training during the school year. After school and summer optional trainings are also offered. During the last three school years, teachers have been provided on-going professional development in the areas of: objectives, Depth of Knowledge, class engagement, CAASPP and ELPAC assessments, English Language Development, reading trainings, Illuminate platform for district assessments, and special education. Professional development sessions for teachers this year focused on Next Generation Science Standards (NGSS), Mathematical Mindset and Mathematic Number Talks.

The district has three instructional coaches to help all teachers with ELA, assessments and technology. School sites participate in site specific professional development, based on their data, during weekly Professional Learning Communities (PLC) meetings. All schools participate in grade level academic conferencing pull out days for teachers to discuss student progress, data, and future instruction, based upon the data gathered. In addition, new teachers to the district receive another layer of support with the Induction Program. This includes two days of trainings, after-school trainings, visiting other classrooms in the district with their induction mentor.
