Just a few Reminders...

- It is usually hot in June, so don't forget to wear sun screen and bring a hat or visor. Also, it is a long day, so wear comfortable clothes and shoes.
- You may want to bring an empty fillable water bottle and will need money to eat and buy souvenirs.
- Bring a jacket or sweatshirt for the night. It does get cold.
- You may want to rent a locker to put your sweater or other items you do not want to carry around. Locker costs vary depending on size but usually go for \$8 - \$15 for the day with unlimited in/out privledges. You may want to share with friends to cut down on cost.
- You will be assigned to ride a specific bus and will be given a wrist band for your bus. You will need to ride the same bus to Universal Studios and back. The chaperone riding the bus will give you their contact number. Please keep this number in your phone and call your chaperone if you have questions or concerns.
- There are first aid stations located on both the Upper and Lower Lots: on the Upper Lot next to Universal's Animal Actors, on the Lower Lot between Jurassic Cafe and Character Shop. If you do not feel well or need first aid, you may ask any worker for the closest location and also, contact your chaperone.
- Have fun and enjoy your special day!! 😊
