- * Ethan Johnson, Gorham Community Member
- * Gerry Durgin, Gorham Community Member
- * David Willis, Gorham Community Member
- * Craig Belhumeur, Gorham Community Member

These two committees have been meeting jointly for the past year with additional meetings held by the Athletic Capital Campaign Committee to plan our upcoming capital campaign launch. Members have met to help build the design for the project, to help orchestrate a public survey regarding the project and to facilitate conversations with the full School Committee and Town Council to keep both of these groups well informed of progress. All told, volunteers on these two committees have already put in countless hours of work in getting us to where we are with this project with much more work ahead of us.
