

Aloha Parents/Guardians,

In the interest of student safety and well-being, we would like to request your help and support in keeping the access to our school clear. In the event of an emergency, parents, guardians, and/or emergency vehicles need to quickly and safely enter our campus. We would also like to continue to be mindful and neighborly to the residents at the end of Panana Street.

As such, we are asking family members to inform the authorized person responsible for the pick up of your child(ren) to refrain from parking in the pick-up lane at the front of our school as well as blocking the flow of traffic on Panana Street.

Starting **MONDAY OCTOBER 15, 2018** there will be no parking in front of the office prior to the dismissal bell. We also want to keep traffic flowing in both directions on Panana Street.

As a reminder, our teacher parking lot fronting the cafeteria is closed to non-staff of Mauka Lani Elementary School. To ensure the safety of students and to keep an open fire lane/emergency access to our upper campus, this area will not be accessible both before and after school.

Should you have questions, please feel free to let us know.

Mahalo for your help, support, and understanding,

Sam Izumi
Principal – Mauka Lani Elementary School
