October 15, 2020

Dear Staff Members, Students, and Parents/Guardians,

On October 12, 2020, at the regularly scheduled Governing Board Meeting, the Board of Education came to a consensus and set a tentative date for the re-opening of all BPSD schools on November 9, 2020, in a hybrid learning schedule.

The Buena Park School District continues to actively monitor the public health climate of Orange County and the City of Buena Park using the information received from the Orange County Health Care Agency and the California Department of Health. Please be advised that if a significant spike in COVID-19 cases arises within the next few weeks, the district will remain in the distance learning instructional model.

The Board of Education and I thank you for the patience and support you have shown to your students and District staff members. We remain dedicated to ensuring the health and safety of our students and staff members while also providing all students the opportunity to engage in rigorous instruction.

I want to thank those of you who completed the commitment cards for your students. Nearly half of all responses indicated the desire to continue in distance learning, while the other half desire to move to in-person instruction. We are in the process of tailoring the instructional models to fit the needs of your requests. More information regarding the instructional model for both the return to in-person instruction and distance learning will be available within the next two weeks from your principal. We will continue to communicate updates with you and look forward to the return of students to our campuses.

Again, thank you for your continued support.

Sincerely,

Dr. Ramon Miramontes
Superintendent
