

4TH ANNUAL AP LANGUAGE

EDUCATION SYMPOSIUM

March 27, 2019 6-7:30 PM @ LPHS Main Cafeteria

Families of our AP Language and Composition students and community members of our larger Lincoln Park family, please join us for an inspiring evening of conversations with the AP Lang students about how they are working to bring transformation to the world of education.

The students have been tasked with researching and developing a solution to improve an area of education in which they see a need. They have done in-depth research and drafted a proposal, but now they need your support to be sure their proposals are headed for success.

During these conversations, you will hear about the varied and thoughtful ideas that the students are researching. They need your help to discuss their ideas to affirm where they are on solid ground and to determine where their proposals need improvement.

This is a required, integral step in our unit's skill application. The students' participation is mandatory, and we request you join them to create and share in a unique academic experience, one that shows them how important their work is to their families and communities.

Please join us on March 27 from 6-7:30 in the LPHS Main Cafeteria. Juice will be provided, and we'd appreciate if you'd bring a snack to share, too. Please email us with any questions you may have.

The AP Language and Composition Team,

Marc Falkenberg, Katie Jones, Ahoo Kosari, Kevin Streicher
