## Jumping Right In

As we entered week two of the 2018-2019 school year even our youngest learners jumped right into our Humanities curriculum. Our kindergarten students completed the entry-level task for Unit One of their curriculum, Community and Relationships: Being a Friend. Students were asked to draw themselves as part of community. Some ideas they discussed were the types of things they do as part of a family, a school, a neighborhood, or a town and their responsibilities in a community like helping to wash dishes, taking in the mail, or cleaning their rooms. Students are developing a sense of their role as a member of the Salem school community too. One of the students favorite parts of the tasks was getting to watch the short film Piper, about a baby bird who was discovering his role in his bird community. (Students may want to show you the [trailer](#) or learn more about the [making of the film](#).)

## School Store Opened Friday

The Salem School Store was opened for business Friday morning and what a day! Some new faces and old faces were seen shopping for fun school supplies. It will be open to students every Friday morning from 8:40 to 9:00 a.m. in the main lobby. The PTO appreciated all the support on opening day and the students loved it.

## Note from the Nurse

### Non-Food Celebrations

This year we are **highly recommending non-food celebrations** and asking for your support in moving in this direction. We have children in school with multiple allergies. We want all of our students to be safe. Please note the district policy states that celebrations with food will be discouraged, a list of non-food alternatives for classroom celebrations will be available, and no home-baked items may be brought in to be shared or for classroom celebrations.
