SUPERINTENDENT'S COVID-19 UPDATE #3

March 18, 2020

Dear Millburn Staff and Parents,

We have completed Distance Learning Day 3, and once again, I thank all of our administrators, teachers, students and parents for supporting our efforts.

We are in continuous conversations with our Principals, Supervisors and teachers about ways to improve our teaching and learning experience. We are looking to phase in the use of more technology, and will be working with teachers, and providing training as needed, over the next week in order to bring additional teaching platforms to your students. You will be hearing more about these plans in the coming week.

We are also happy to hear from our parents in their new classroom roles. It is great to see how many opportunities are arising on the internet to watch concerts in your living room, hear popular authors read their stories, and learn to cook, draw and more!. One of our trusted resources, Common Sense Media has compiled a comprehensive list of [Resources for Parents](#). Our teachers and media specialists have also been sharing resources with each other, so children will be learning about these programs from their teachers.

I will be communicating with families several times a week, on Monday, Wednesday and Friday, unless there is a need for a special communication or news update at another time.

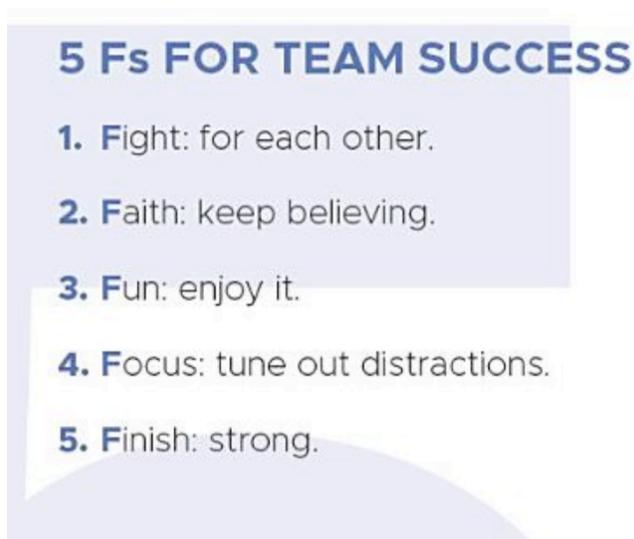

Most of our district and school communications are being sent via email, sent through our SchoolMessenger notification service. If you know of anyone who is not receiving emails, please ask them to contact us by emailing nancy.dries@millburn.org and pawel.migaj@millburn.org.

Please follow the instructions from your school principals regarding submitting your students' attendance information. This data will be required by the state so these days can be approved as "days in school." If you are having difficulty with submitting attendance, please contact your school attendance secretary. Our staff is working the same school hours, and will be able to provide support during the "school day."

Please stay informed through our [COVID-19/Distance Learning website](#) and by [submitting your questions or concerns to us here](#). We will compile the answers as part of the [Frequently Asked Questions](#) posted on the COVID-19 website.

The Millburn Chamber of Commerce is maintaining a list of [Local Business Updates](#), so we can help support those that are open, know their hours, and those that have temporarily closed.

We will get through this together. We are #TeamMillburnNJ.

Be well and stay safe,

Christine Burton
