

Screening Children from Birth to 5 years old
Sponsored by
Heyworth Elementary School

Our next screening will be held Wednesday, April 24, 2019
And Thursday, April 25, 2019

Heyworth Pre-Kindergarten program holds 2 screenings per year. Each child is expected to go through our screening before they can be accepted into the program. This assists us in building upon your child's current skills. If you have questions or would like to make an appointment, please contact Josi Jacobs; Pre-K Administrator, (309) 473-2822 Ext. 1906. There is no fee to have your child screened.

Three to five year old screening is a quick and easy process which can determine what stage of learning your child is in. Your child will be seen by one of our certified staff. Our screening will measure your child's progress in 4 areas: Gross/Fine Motor Skills, Concepts, Speech/Language and Social/Behavioral Skills. After screening is complete, you will meet with a certified teacher and discuss the results.
