

Teachers, again we will be turning in Technology Items for Inventory and storage over the summer. This has worked so well in the past that we are adding a few items this year, see list below. You will be issued a large plastic bag, be sure to include your name and room number. Your Campus will decide where/when/how your items are turned in.

This year we will NOT be reimaging Teacher computers. You may keep your laptop over the summer if you choose. Next summer we will need to re-image every teacher computer. Next year you will have to turn them in for a little while.

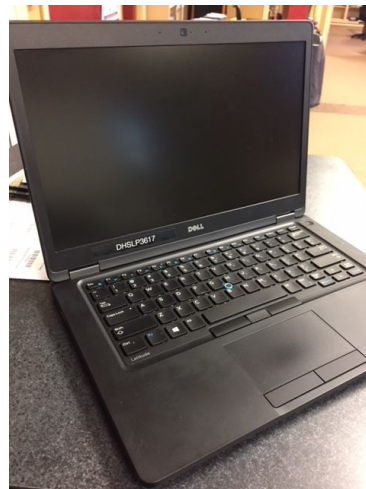

As always, protect your data! Anything saved only to your laptop can be lost. All it takes is one drop and you could lose everything saved . Save important files to your Google Drive or your H: drive.

Laptop

You must take your Laptop and Laptop Charger to your campus Library. You must either:

1. Re-check it out so you can use it over the summer
2. Turn in the Laptop to be stored over the summer.

1. Laptop

2. Laptop Charger

Bagged Items

Please place the following items in the large plastic bag provided:

1. Projector Remote

2. Interactive Projector Pens/Case/Charger

3. Docking Station

| | |
|-------------------------|--|
| 4. HoverCam doc. camera |  |
| 5. HDMI Cables |  |
| 6. Network Cables |  |
| 7. USB Cables |  |

Chromebooks

If you have been issued classroom Chromebooks or Laptops, you will need to return all chromebooks/laptops and chargers to your campus library. These are not to remain in the classrooms over the summer.
