TNReady Assessment Overview link:

<https://www.tn.gov/education/assessment/testing-overview.html>

Full reporting of test results are made available to parents as soon as the schools receive them. Students will take reports home to parents. Schools inform parents through social media and their school's website that test results have arrived so they know to expect the results. The Director of Schools and school principals give an annual report at school board meetings of test result

**Milan Special School District Assessments
2019-2020 tentative schedule**

District mandated, formative assessments given to measure each student’s progress towards mastery of curricular goals. Benchmark data can then be used to plan any needed instructional adjustments prior to end-of-year summative assessments.

These test times vary depending on time of year given. At the beginning of the school year average testing time is 45-60 minutes. Toward the end of the year average testing time is 90-120 minutes due to the amount of questions on the test.

Benchmark results are not typically distributed outside the school due to their formative nature, but parents can request the information from the school if needed. The use of the scores for grades is a building-level decision.
