As part of our compliance with federal guidelines, our most recent Federal School Report Card has been posted to the Kemp ISD website. The federal report cards are designed to inform parents and guardians about a school's achievement performance, teacher quality data, graduates in higher education and NAEP results. Each district that receives Title I, Part A funding is responsible for making the state, district and campus level report cards available to the general public. You may access the district and campus reports at the following link: [Kemp ISD Federal Report Cards](#)
