

## STUDENT RANDOM DRUG AND ALCOHOL CONSENT TO TEST FORM

I understand fully that my performance as a participant and the reputation of my school are dependent, in part, on my conduct as an individual. I hereby agree to accept and abide by the standards, rules and regulations set forth by the Secaucus Board of Education and the sponsors for the activity in which I participate.

I authorize the Secaucus District to conduct a test on a urine specimen and/or breathalyzer, which I provide on-site to test for alcohol and drug use if my name is drawn from the random pool. Pursuant to the Student Random Drug and Alcohol Policy, I also authorize the release of information concerning the results of such tests to designated District personnel.

I understand that I may also be randomly drug tested throughout the remainder of the year.

I plan to participate in a sport. /  I plan to participate in a student activity.

I am volunteering to be placed in the drug testing pool.

I will hold a valid SECAUCUS High School parking permit (Sept. 2018-June 2019).

### NJSIAA STEROID TESTING POLICY - CONSENT TO RANDOM TESTING

**\*\*SIGN IF YOU ARE GOING TO PARTICIPATE IN A SPORT\*\***

In Executive Order 72, issued December 20, 2005, Governor Richard Codey directed the New Jersey Department of Education to work in conjunction with the New Jersey State Interscholastic Athletic Association (NJSIAA) to develop and implement a program of random testing for steroids, of teams and individuals qualifying for championship games.

Beginning in the Fall, 2006 sports season, any student-athlete who possesses, distributes, ingests otherwise uses any of the banned substances on the attached page, without written prescription by a fully-licensed physician, as recognized by the American Medical Association, to treat a medical condition, violates the NJSIAA's sportsmanship rule, and is subject to NJSIAA penalties, including ineligibility from competition. The NJSIAA will test certain randomly selected individuals and teams that qualify for a state championship tournament or state championship competition for banned substances. The results of all tests shall be considered confidential and shall only be disclosed to the student, his or her parents, and his or her school. No student may participate in NJSIAA competition unless the student and the student's parent/guardian consent to random testing.

By signing below, we consent to random testing in accordance with the NJSIAA steroid testing policy. We understand that if the student or the student's team qualified for a state championship tournament or state championship competition, the student may be subject to testing for banned substances.
