

HEMET UNIFIED SCHOOL DISTRICT “MEASURE X” BOND PROJECT LIST

(From the Board Resolution Calling for the Measure X Election)

The Bond Project List below lists the specific projects the District proposes to finance with proceeds of the bonds. The Bond Project List shall be considered a part of the bond proposition and shall be reproduced in any official document required to contain the full statement of the bond proposition. Listed projects will be completed as needed at a particular school or facility site according to Board-established priorities, and the order in which such projects appear on the Bond Project List is not an indication of priority for funding or completion. Any authorized repairs shall be capital expenditures. The Bond Project List does not authorize non-capital expenditures. Each project is assumed to include its share of costs of the election and bond issuance, construction-related costs, such as project and construction management, architectural, engineering, inspection and similar planning and testing costs, demolition and interim housing costs, legal, accounting and similar fees, costs related to the independent annual financial and performance audits, a contingency for unforeseen design and construction costs, and other costs incidental to or necessary for completion of the listed projects (whether the related work is performed by the District or third parties). The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. In addition, certain construction funds expected from non-bond sources, including State of California grant funds for eligible projects, have not yet been secured. Therefore, the Board cannot guarantee that the bonds will provide sufficient funds to allow completion of all listed projects. Alternatively, if the District obtains unexpected funds from non-bond sources with respect to listed projects, such projects may be enhanced, supplemented or expanded to the extent of such funds. Some projects may be subject to further government approvals, including by State officials and boards and/or local environmental or agency approval. Inclusion of a project on the Bond Project List is not a guarantee that the project will be completed (regardless of whether bond funds are available).

The specific projects authorized to be financed with proceeds of the bonds under this proposition are as follows:

SAFETY, REPAIR, AND UPGRADE PROJECTS

The following projects are authorized to be financed District wide:

STUDENT SAFETY & SECURITY

- Upgrade, replace, acquire and/or install drinking fountains, water bottle filling stations and related water dispensing equipment to provide clean drinking water to students.
- Upgrade, expand and/or acquire and install metal detectors, fencing, gates, locks (including keyless entry devices), security lighting, security alarm, security cameras and related security devices and equipment.
- The inspection, sampling and analysis of grounds, buildings and building materials to determine the presence of hazardous materials or substances, including asbestos, lead, etc., and the encapsulation, removal, disposal and other remediation or control of such hazardous materials and substances.
- The inspection and analysis of grounds, buildings, fixtures and structures, including parking lots, walkways, paths, restrooms, drinking fountains, physical education/athletic fields and facilities, playground areas and equipment, to assess health and safety risks to students, faculty, staff, parents and the public and compliance with local, state and federal building, health, safety, access and other related requirements, including seismic safety requirements, Field Act requirements, access requirements of the Americans with Disabilities Act (ADA) and Occupational Safety & Health Administration (OSHA) requirements, and the improvement, correction, repair or renovation of such grounds, buildings, fixtures and structures or portions thereof identified as such health and safety risks or acquire, install and/or construct other improvements to comply with such laws and requirements.
- Reconfigure, renovate, repair, resurface, improve and/or expand roads, sidewalks, parking lots and related areas, and pick-up/drop-off and bus areas to improve ingress/egress and safety and increase capacity to meet site usage.
- Construct, acquire and/or install shade structures and related infrastructure.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the Education Code (or any successor provision).

including lighting, electrical (including wiring and related infrastructure for modern technology), heating, refrigeration, cooling and ventilation, water, sewer, gas, irrigation, drainage, and energy efficiency/management monitoring systems, networks, fixtures, equipment and controls.

- Acquire, install and/or construct renewable energy and/or energy-saving systems, improvements and equipment, including photovoltaic solar panels, electricity generation and distribution systems, upgraded insulation, efficient lighting, energy management and conservation systems, and structures to support such systems, improvements and equipment and related infrastructure. Rehabilitate, renovate, upgrade and/or replace such systems, improvements and equipment as needed in the future.
- Replace portable classroom buildings with modular or permanent classroom buildings.
- Modernize, renovate, rehabilitate, re-configure, expand, upgrade, construct and/or equip locker rooms, gymnasiums, physical education/playfield/athletic fields, including turf, and related facilities.
- Upgrade and expand parking and improve ingress/egress for stadiums and athletic facilities.
- Furnish and equip classrooms and other school facilities, including, but not limited to, desks, chairs and classroom furniture, science and lab equipment, school-site maintenance equipment, copy machines, "cubicle" partitions, chairs, storage units and school office equipment, including initial purchases and continued replacement of equipment and furniture as needed.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the Education Code (or any successor provision).

SCIENCE, TECHNOLOGY, ENGINEERING, ARTS AND MATH & NEW CONSTRUCTION FOR ENROLLMENT GROWTH

- Construct additional classrooms/classroom buildings, science labs, restrooms, school support facilities and related school facilities.
- Acquire and install technology equipment, fixtures and infrastructure, including computers, tablets, mobile devices, software, interactive educational technology, digital projectors and cameras, monitors, audio systems, video systems, network equipment (including servers, network interface devices, network switches and routers, wireless network equipment, firewalls, network security equipment, racking, power and cooling equipment, wiring and uninterruptible power supplies), etc.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the Education Code (or any successor provision).

CAREER TRAINING

- Construct additional classrooms/classroom buildings, career technical education facilities, restrooms, support facilities and related school facilities.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the Education Code (or any successor provision).

DISTRICT SUPPORT OPERATIONS

Acquisition of land and construction for expansion/relocation of District support operations including:

- Acquisition of land, rights-of-way and easements for District support operation facilities.
- Expansion and construction of facilities and related infrastructure for District’s bus yard and maintenance department.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the Education Code (or any successor provision).

New Elementary School

Acquisition and construction of a new elementary school and related facilities, including:

- Acquisition of land, rights-of-way and easements made necessary by construction of such facilities.
- Planning, designing, and constructing the school and related facilities, including costs related to construction services, architectural design, engineering, site inspection and testing services and plan review fees.
- Associated onsite and offsite development, demolition of existing structures, and other improvements made necessary for construction of such facilities.
- Construction of such school and related facilities and grounds, including necessary supporting infrastructure.
- Acquisition and installation of fixtures, furnishings and equipment related to the constructed facilities.

All or portions of these projects may be used as joint-use projects within the meaning of Section 17077.42(c) of the Education Code (or any successor provision).

MISCELLANEOUS

All listed bond projects include the following as needed:

- Planning and designing necessary for listed bond projects.
- Acquisition of any rights-of-way, easements, and/or real property made necessary by listed bond projects, or lease of real property for the listed school facilities projects.
- Necessary onsite and offsite preparation or restoration in connection with new construction, renovation or remodeling, or installation or removal of relocatable buildings, including demolition of structures; removing, replacing, or installing irrigation, drainage, utility lines (gas, water, sewer, electrical, data and voice, etc.), trees and landscaping; relocating fire access roads.
- Address other unforeseen conditions revealed by construction, renovation or modernization (including plumbing or gas line breaks, dry rot, seismic and structural deficiencies, etc.).
- Acquire or construct storage facilities and other space on an interim basis, as needed to accommodate construction materials, equipment, and personnel, and

interim classrooms (including relocatables/portables) for students and school functions or other storage for classroom materials displaced during construction.

- For any project involving renovation, rehabilitation or repair of a building or the major portion of a building, the District shall be authorized to proceed with new replacement construction/re-construction instead (including any necessary demolition), if the Governing Board of the District determines that replacement and new construction/re-construction is more practical than renovation, rehabilitation and repair, considering the building's age, condition, expected remaining life, comparative cost and other relevant factors.
- Furnishing and equipping of classrooms and other school facilities; furnishing and equipping shall include initial purchases, and scheduled and necessary replacements, upgrades and updating of technology.
- All other costs and work necessary and incidental to the listed bond projects.
- Acquisition of all or a portion of any school site or facility, or an interest therein, or make lease payments with respect to any school site or facility, encumbered in order to finance or refinance the listed school facilities projects.
