May 17, 2018

Dear Gateway Families,

In an effort to be transparent, I want you to know that I am dealing with an illness that will require me to begin a medical leave of absence on 5/23/18. Until then, I am working diligently to ensure that I have all 'ducks in a row' before I leave. With the solid staff we have in place, your children will have what they need to successfully complete this school year. My plan is to heal in enough time to be back in my role as Principal for the 2018/19 school year at Gateway Lab School.

This is a very daunting process for me and my family. I need lots of positive energy to help get me through what is sure to be one of my greatest challenges yet! So... I thank you in advance for being a GLADIATOR.

Respectfully,

Dr. Gina M. Harrison
