Dear parent(s)/guardians of Radford High School grade 11 students,

During the 2018-2019 school year, all Hawaii Department of Education students in grades 3-8 and 11 will take the Smarter Balanced English Language Arts (ELA)/Literacy and Mathematics Assessments.

The purpose of the assessments is to provide you, your child, and your child’s teacher(s) with information about the extent to which your child has met identified, grade level content standards in ELA/Literacy and Mathematics. The results of these assessments will also assist the Department of Education in identifying students’ strengths and needs.

These assessments are scheduled in April 2019. Due to the length of the assessment, the testing period will be split over the course of two days.
