## Principal's Message

Welcome to Lietz Elementary School. We are proud to have earned the distinction of CA Gold Ribbon School for 2015-16. Lietz Elementary School provides a warm, stimulating environment where students are actively involved in learning academics as well as positive values. Lietz partners with Project Cornerstone to empower all members of the school community to reduce bullying, promote achievement and help all students feel valued and respected. Students receive a standards-based, challenging curriculum by dedicated professional staff and based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency.

We have made a commitment to provide the best educational program possible for Lietz Elementary School's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together, through our hard work, our students will be challenged to reach their maximum potential.

## Mission Statement

The Lietz staff and community are committed to provide a safe and positive educational environment for all students to learn. We value individual cultural diversity and strive to provide tools for each student to use to reach his/her maximum potential.

## School Profile

Lietz Elementary School is located in the southern region of San Jose and serves students in grades kindergarten through five following a traditional calendar. At the beginning of the 2016-17 school year, 599 students were enrolled, including 11.5% in special education, 23.4% qualifying for English Language Learner support, and 27.2% qualifying for free or reduced price lunch.

## Student Achievement

### Physical Fitness

In the spring of each year, Lietz Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart reported in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2016-17			
Grade Tested	Number of Standards Met:		
	Four of Six	Five of Six	Six of Six
Fifth	10.1%	30.3%	34.3%

*Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.*

### Federal Intervention Program

The passage of the Every Student Succeeds Act (ESSA), reauthorizing the Elementary and Secondary Education Act (ESEA) in December 2015, is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2016-17, Lietz Elementary School qualified for Title I Targeted Assistance funding and is subject to comply with Title I program requirements.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. Most of the new provisions under ESSA do not take effect until the 2017-18 school year making 2016-17 a transition year. More information about Title I and Program Improvement can be located on CDE's website [www.cde.ca.gov/ta/ac/ti/](http://www.cde.ca.gov/ta/ac/ti/).

### California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. CAASPP results are a measure of how well students

are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks.

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on CDE's website [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/).

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered. No scores will be available during the CAST pilot field test.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

## Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

**Conditions of Learning (Basic Services) – State Priority 1:** Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned Instructional materials and school facilities are maintained in good repair. Covered in *Teacher Assignment*, including the *Teacher Credentials & Misassignments* chart; *Instructional Materials*, including the *Textbooks* chart; and *School Facilities & Maintenance*, including the *Campus Description* and *School Facility Good Repair Status* charts.

**Conditions of Learning (Implementation of State Standards) – State Priority 2:** Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

**Parental Involvement – State Priority 3:** Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in *Parent Involvement*.

**Pupil Achievement – State Priority 4:** Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in *California Assessment of Student Performance and Progress*, including the CAASPP charts.

**Engagement (Pupil Engagement) – State Priority 5:** School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in *Dropouts*, including the *Dropout* chart; and *Graduation Requirements*, including the *Graduation Rate* chart for high schools only.

**School Climate – State Priority 6:** Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in *Discipline & Climate for Learning*, including *Suspension & Expulsion* chart; and *School Site Safety Plan*.

**Conditions of Learning (Course Access) – State Priority 7:** Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

**Other Pupil Outcomes – State Priority 8:** Pupil outcomes in the subject areas. Covered in *Physical Fitness*, including the *Physical Fitness Test* chart.

## Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed of upcoming events and school activities through the school marquee, the school website, School Messenger (automated telephone message delivery system), Remind (text messages), Twitter, Home & School Club communications, and electronic communication. Contact the Home & School Club President for more information on how to become involved in your child's learning environment.

## School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Lietz Elementary School's original facilities were built in 1960; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

Most of our schools were constructed in the 50s through the mid-60s, but starting in 2001 a program to upgrade all facilities was undertaken. The financing was made possible by passage of Measure C bonds in 1999 by an 80% vote of the community and matching State funds. New media centers were constructed

at each elementary site and new gymnasiums, locker rooms, and music rooms at the middle schools. All of the district's schools were completely modernized by spring 2006. Modernization included installing air conditioning, new lighting fixtures, new cabinets and teaching walls, new doors and hardware, and new cafeteria tables. It also included new finishes (ceiling tiles, wall coverings, carpeting, and flooring), upgrading the electrical system and restrooms with new fixtures and toilet partitions, replacing roofing and louvered windows, remodeling the administration wing, creating a new teachers' lounge and workroom, reconfiguring the parking lot with new drop-off zones, and additional parking at some sites along with ramps for the handicapped.

On June 3, 2014, voters passed Measure J for needed school repairs, upgrades and new construction. Through Measure J, Lietz has received new fencing around the perimeter of the school, a new Makerspace that focuses on STEAM (Science, Technology, Engineering, Arts, Math), asphalt repair, and solar shade structures.

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Lietz Elementary School. The day custodian is responsible for:

- Cafeteria setup/cleanup
- Groundskeeping
- Office area cleaning
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

### Facilities Inspection

The district's maintenance department inspects Lietz Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Lietz Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Monday, October 16, 2017. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2016-17, all restrooms were fully functional and available for student use.

#### Rating Description

*Good: The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or result from minor wear and tear, and/or are in the process of being mitigated.*

### Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, teachers are strategically assigned to designated entrance areas and the playground. During recess, teachers supervise playground activity. Noon duty supervisors monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, teachers monitor student behavior to ensure a safe and orderly departure.

Lietz Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

### School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Lietz Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed and updated in November 2017, and approved by School Site Council in November 2017. Staff responsibilities and safety plan updates were discussed with staff in November 2017.

## Classroom Environment

### Discipline & Climate for Learning

Lietz Elementary School's discipline policies are based upon positive behavior management programs designed to promote responsibility, respect, and safety as well as minimize classroom disruptions. Teachers clearly identify and explain behavior expectations to their students and discuss consequences for poor or disruptive behavior in the classroom. Lietz Elementary

School employs a progressive approach in managing students who make poor choices in behavior, do not follow school rules, or are disruptive in the classroom.

## Curriculum & Instruction

### Staff Development

All training and curriculum development activities at Lietz Elementary School revolve around the California Common Core State Standards. During the 2016-17 school year, Lietz Elementary School held staff development devoted to:

- Common Core State Standards in ELA and Math
- Grade Level Collaboration
- Integration of 21st Century Skills
- Small Group Instruction

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Lietz Elementary School supports ongoing professional growth throughout the year on minimum days. Teachers meet in grade level teams to focus on Common Core Standards Implementation into the classroom. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2016-17 school year, Lietz Elementary School's teachers attended the following professional development hosted by the Union Elementary School District:

- Math & ELA Instructional Strategies
- Assessment: Scoring and Calibration
- Technology
- Behavioral Strategies
- STEAM (Science, Technology, Engineering, Art, Math)
- Makerspaces
- English Language Development
- Flexible Furniture

Lietz Elementary School's teachers also had the opportunity to participate in district offered supplemental training and workshops offered throughout the year on the following topics:

- Online courses through various institutes and SCCOE: Mathematical Mindsets; Blended Learning & Google Tools
- Union University: Hyperdocs, Sketchnoting, Screencasting, Google Tools, Google Classroom, lographer, Hapara, WeVideo and Osmo
- SCCOE Workshops on ELD, Digital Storytelling, & STEAM
- Consultants provided PD on ELA Strategies, Math Strategies, NGSS (Next Generation Science Standards) and Flexible Furniture

Lietz Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

## Instructional Materials

California requires that core curriculum align to the California Content Standards and Frameworks. All of our instructional materials align with the California Content Standards and Frameworks through a combination of core and supplemental materials.

On Monday, October 09, 2017, the Union Elementary School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 17-18-05 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2017-18 school year, Union Elementary School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

## Professional Staff

### Counseling & Support Staff

Lietz Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Lietz Elementary School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Counselors & Support Personnel (Nonteaching Professional Staff) 2016-17

Academic Counselor	0	0
Counselor (Contract Position)	1	0.2
Health Clerk	1	0.75
Library Media Assistant	1	0.4
Nurse	1	*

Speech/Language/Hearing Specialist	1	1.0

\* as needed

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

### Teacher Assignment

During the 2016-17 school year, Lietz Elementary School had 31 teachers who met all credential requirements in accordance with state guidelines. The chart below identifies the number of teachers at both the school and district who are 1) fully credentialed; 2) without full credentials; 3) teaching outside subject area of competence; 4) misassignments for English learners; 5) total teacher misassignments; and 6) vacant teacher positions. The term "misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

## District Expenditures

### Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2015-16 salary comparison data was the most recent data available at the time this report was published.)

### Expenditures Per Student

For the 2015-16 school year, Union Elementary School District spent an average of \$5,531 of total general funds to educate each student (based on 2015-16 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at [www.cde.ca.gov/ds/fd/ec/](http://www.cde.ca.gov/ds/fd/ec/) and [www.cde.ca.gov/ds/fd/cs/](http://www.cde.ca.gov/ds/fd/cs/). (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Union Elementary School District receives state and federal categorical funding for special programs. For the 2015-16 school year, the district received categorical, special education, and support programs funds for:

- Class Size Reduction, Grades K-3 (optional)
- Lottery: Instructional Materials
- Special Education
- Teacher Recruitment/Incentives
- Title I
- Title II
- Title III
- Other Local: Locally defined
- Medi-Cal Billing Option
- Education Protection Account
- STRS On-Behalf Pension Contributions
