October 5, 2018

Dear Parent or Guardian,

Endeavor Middle School is excited to share an upcoming event with you called **Future Day** that it is scheduled for **Wednesday, October 10th**. The Moses Lake School District has committed to paying for all 8th grade students PSAT tests on Future Day. The benefits of 8th grade students taking the PSAT include, but are not limited to the following:

- Students will establish a starting point in terms of college and career readiness as they transition to high school.
- Students will receive feedback on their academic strengths and weaknesses on skills necessary for college and career studies. This will allow them to focus their high school preparation and class choices on those areas that could most benefit from additional study and practice.
- Students can assess where they are in relation to same age peers that may be applying for college and career training programs.
- To experience and help prepare students for high stakes testing by becoming familiar with the types of questions and styles of directions on the SAT test.

On Future Day all 8th grade students will report to their regularly scheduled first period class where they'll have the test administered to them by their teacher. The testing time is approximately 2 ½ hours. On this day we ask that parents help their students with the following:

- Ensure students receive a good night's rest
- Students have eaten a filling, nutritious breakfast and/or arrive to school in time to eat at school
- Students arrive to school at least 10 minutes prior to the first bell
- Schedule any local appointments for 12 pm or later (we plan to test in the morning period 1-Advisory)
- Talk with your students about this opportunity and encourage them
- Student has two #2 pencils sharpened and a standard scientific calculator (non graphing) if they have one

Also be aware on the 2 days preceding the test (**10/8 & 10/9**) we will be working with students preparing them for the experience in their 1st period class. We are excited for this upcoming event so please mark the prep days and the Future day on your calendar. If you have questions, please contact Mr. West and/or Mrs. Asker.

Sincerely,

Scott West,
Endeavor Principal

Mona Asker,
Dean of Students
